

Adobe Photoshop CS5 Advanced

Course length

1 day

Why come on this course?

On this course you will enhance your ability to create accurate masks and image effects, retouch images, work with video files, automate repetitive tasks, and integrate with other Adobe applications.

Who is it for?

This course is intended for intermediate and advanced users of Photoshop. You should first attend the Adobe Photoshop CS5 Level 1 course or have equivalent knowledge.

What will I learn?

By the end of this course you will know how to:

- Use image-editing tools in Photoshop to manipulate and enhance images
- Create and edit vector paths
- Work with shape layers and masks
- Automate tasks in Adobe Photoshop
- Use the tools available in Adobe Photoshop to edit and export video files
- Work with other Adobe applications

Course style

The course will be highly interactive, encouraging participation and making use of exercises. There will be the opportunity for skills practice and review in each section.

Course materials

Course manuals are provided to support the topics covered. Certificates of attendance will be presented to each delegate after the training has been completed.
